Orange Polenta Cake

A deliciously moreish cake bursting with orange flavour.

Ingredients

2 oranges (Valencia)

1 cup (140g) polenta

1 cup (200g) almond meal

6 eggs

1 tsp baking powder

1/2 tsp Black and Gold bi-carb soda

3/4 cup Black and Gold caster sugar

1/4 cup pistachios, chopped for garnish

Orange syrup:

3/4 cup orange juice

1 1/2 tbsp Black and Gold caster sugar

Icing:

125 g Black and Gold cream cheese, softened

200 ml creme fraiche

Method:

1. In a medium saucepan, add oranges and cover with water. Bring it to a boil, then cover and

- reduce heat to low and simmer for an hour until the oranges are soft.
- 2. When oranges have cooled, cut in half, remove any seeds and place in a blender. Pulse until smooth. Decant and measure out $1\frac{1}{2}$ cups of the orange puree. If you have extra, store in a ziploc in the freezer for next time.
- 3. Preheat the oven to 170C fan force.
- 4. Return orange puree to the blender and add the polenta, almond meal, eggs, baking powder, bicarb and sugar. Pulse until smooth. If you have a small blender you might have to do this in 2 batches.
- 5. Grease and line a round cake tin. Pour the cake batter into the pan and bake for 40-45 minutes or until a skewer inserted in the centre of the cake comes out clean. Remove from the oven, and cool on a wire rack.
- 6. To make the orange syrup, boil the orange juice and sugar in a small pot over medium high heat for 10-15 minutes or until reduced by half and you have a syrup-like consistency. Set aside to cool.
- 7. For the icing, whisk the cream cheese and creme fraiche until smooth and you have a slightly stiff consistency. Refrigerate until ready to use.
- 8. When the cake has completely cooled, ice the top of the cake with the creme fraiche icing, drizzle with the orange syrup and top with chopped pistachios.
